

# **2007-2008 Update**

Enhancing the education of the children of Englewood Cliffs

February 2009

Dear Parents, Friends and Supporters,

For the past two years, the Englewood Cliffs Education Foundation has embarked on a journey to bring new and innovative programs to the children of Englewood Cliffs. Thanks to the generosity of individuals and corporations, the Foundation has been able to fund a variety of in school and after school programs for our children as well as purchase “wish list” items for each grade.

Our mission is to create, supplement and supports programs that faculty and parents feel are integral enhancements to our children’s development academically, socially and emotionally. The programs we offer have been implemented in both the North Cliff School and Upper School. One of our primary goals each year is to evaluate how best we can provide programs that reach and touch all the children of the district.

Since inception in 2006 we have raised over \$45,000. This money has been put to immediate use on programs and it is our goal that through this letter and future updates, you will see how your gift has made an impact on the school, supporting programs and initiatives.

There has never been a more important time to get involved in the school and your community. I hope you will join us in the continued support of the Education Foundation by bringing new ideas to us, attending one of our fund raising events, volunteering to be a part of our organization. Thank you for visiting our website, to learn more about our organization and to see our latest video of ECEF in action. Every gift regardless of size, makes a difference in the level of programs and support we can offer.

With great appreciation,

ECEF Trustees
